

I've Got the Blues: A No BS Guide to the Use, Abuse, and Potential Dangers of Legal and Illegal Mind-Altering Drugs

Filesize: 6.8 MB

Reviews

Very beneficial to any or all group of folks. I was able to comprehend everything using this composed e ebook. I am pleased to inform you that here is the finest publication i have study inside my individual daily life and might be he very best pdf for actually.

(Brielle Hilpert)

I VE GOT THE BLUES: A NO BS GUIDE TO THE USE, ABUSE, AND POTENTIAL DANGERS OF LEGAL AND ILLEGAL MIND-ALTERING DRUGS

Neovision Press, United States, 2010. Paperback. Book Condition: New. 229 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.The book I ve Got the Blues deals in depth with exactly what the subtitle says. It is an unbiased guide to the use, abuse, and potential dangers of psychoactive drugs. Several things make it different from other books dealing with this subject. First is the author s extensive experience as a surgeon and emergency physician providing care to thousands of patients taking illegal psychoactive drugs as well as many on psychiatric medication. Secondly he covers the entire spectrum of drugs that interact with the brain from the well-known illegal ones such as marijuana and cocaine to the widely prescribed medications such as benzodiazepines and antidepressants. With each group of drugs, he goes into a detailed discussion of their history, pharmacology, and how and why they are used. He cuts through many widely held beliefs that are based on disinformation and propaganda. He has no hidden agenda and simply wants to get to the truth of what all of these drugs do to the human brain, whether they are legal or illegal. Much of what people believe to be true about many of these drugs is often inaccurate and sometimes completely false. His goal is to expose the big lies and pervasive mythology such as the myth of biochemical imbalance as the cause of depression and other psychiatric disorders and the belief that prescription drugs such as antidepressants can cure mental disorders by correcting such a chemical imbalance. He wants to make people aware of what we actually know and what we definitely do not know about what these drugs do to the brain. Then they will be able to make better decisions about whether it would make...
