While I guarantee you will enjoy these stories in translation, I admit they can not live up to the originals. Every work of literature is an expression of the culture that produced it and presupposes a bit of insider knowledge. These stories are no exception. They all share references to shuco, which is consumed by millions of Salvadorans everyday and which is reputed to have miraculous qualities to raise the dead, or at least to abate hangovers. Shuco, or atol shuco, is a completely alien concept to the middle-class American palate. It is something between a hot beverage and a soup, similar perhaps to watery grits, oatmeal or mush with a punchy Central American flavor. Traditionally served in gourds made from morro fruit, it s more commonly dispensed in styrofoam cups on street corners for about a quarter (\$0.25 US) by little old ladies who make just enough to survive on. Its ingredients include ground black corn, water, alguashte (al-WASH-teh) or ground pumpkin seed, cooked red beans and salt, to which chile or a shot of hot sauce is added. Served with pan frances (literally French bread, but really dinner rolls), it makes a breakfast or lunch. The color of its ingredients gives it its name, for in Nawat Pipil, the ancestral language of much of El Salvador, tsukit means mud, hence atol shuco is muddy mush. You won t find shuco in any fancy restaurants or in the homes of the well-heeled, only on street corners or the most humble eateries, but it s an important part of life to the majority of people...
