EDUCATION IN SOUTH KOREA

DOWNLOAD

Alphascript Publishing. Taschenbuch. Book Condition: Neu. Neuware - Education in South Korea is viewed crucial for success and competition is consequently very heated and fierce. A centralized administration oversees the process for the education of children from kindergarten to the third and final year of high school. Mathematics, science, Korean, social studies, and English are generally considered to be the most important subjects. Sometimes physical education is not considered important as it is not regarded to be education and therefore many schools lack high-quality gymnasiums and varsity athletics. South Korea was the first country in the world to provide high-speed internet access from every primary, junior, and high school. The school year is divided into two semesters. The first begins in the beginning of March and ends in mid-July; the second begins in late August and ends in mid-February. They have summer vacation from mid-July to late August, and winter vacation from late-December to early February, and also take a short vacation from mid-February to March 1. The schedules are generally standardized, however it can vary slightly from region to region. 116 pp. Englisch.
