It discusses differences, commonalities and such. While many Canadians view the American melting pot as the total opposite of the mosaic, the two ideologies have much in common while examining the everyday realities of cultural pluralism in North America. In the following my intention is to illustrate on which concepts both immigration policies are based on, under which circumstances immigrants are allowed to move to the US and Canada by comparing the two immigration procedures, what the distinctive features between them are and in how far they are able to keep their promises towards new immigrants by looking at critics. 12 pp. Englisch.
